## What is Apt?

Apt Renfrewshire is a programme, led by SUSE, to make workplaces work for everyone.

Funded by Renfrewshire Local Employability Partnership, Apt is offering training to employers, helping you build capacity to attract, recruit and retain disabled people in your workforce.

The diverse range of training we offer will expand your knowledge, build your confidence and equip you to better support your disabled employees.

## Why get involved?

Making your recruitment processes accessible and inclusive opens up a large talent pool that you may have otherwise missed.

Many people develop a disability or long-term condition during their working life. By successfully supporting your current workforce, you retain skilled and experienced staff and improve morale and wellbeing.

Making simple adjustments can make a huge difference that benefits all employees.
